

Workshops for your success!

Experience the edelweiss system on one of our 1-Day-Workshops with hands-on part!

VENEER & OCCLUSIONVD

Thanks to their unique laser-sintering manufacturing process, the translucent enamel and occlusion shells (VENEER & OCCLUSIONVD) stand out for their inorganic, ceramic-like surface vitrification and tempered composite body.

The VENEERs and OCCLUSIONVDs represent the anatomic foundations for single or complete reconstructions and for increasing the vertical dimension in the posterior region. Hence, a functioning anterior cuspid guidance can also be obtained using edelweiss VENEERs.

ADVANTAGES

- One appointment
- Minimally invasive
- Natural look
- Long-lasting
- Biomechanical
- Biocompatible
- Antibacterial
- Economical

INDICATIONS

- Anterior and posterior restorations
- Tooth discolorations
- Anatomical deformities
- Diastema
- Erosion & Attrition
- Crown facings
- Lifting the vertical dimension (CMD)

Martin Lampl
M.D.T.

He is a master dental technician from Austria, practicing 3rd generation dentistry with experience of more than 30 years. Together with his brother Stephan Lampl, they founded Edelweiss Dentistry and invented the edelweiss system to bring tomorrow's better dentistry of today.

PROGRAM:

- Main podium presentation: **March 2nd, 15:15 - 18:30**
- Hands-on workshop: **March 3rd, 9:00 - 13:00**
 - Patented & innovative laser technology
 - Pros & Cons of direct, prefabricated and indirect VENEERs, ONLAYs, CROWNs, BRIDGEs, POST & COREs, OCCLUSIONVDs
 - How to read a study model to find interferences and dysfunction
 - How to get the correct bite/the correct vertical dimension
 - From direct to indirect restorations in the smile rame as well as full mouth rehabilitation and indications of bruxism cases
 - Analysing the vertical & horizontal dimension
 - Canine guidance and frontal guidance
 - Influences of craniomandibular dysfunction
 - Recovery of dysfunctional problems - giving an ideal bite
 - Creating customized edelweiss restorations in the lab

LOCATION:

AMSPPR Congress, Caro Hotel, Slavici Conference Room, Bucharest

WORKSHOP PRICE:

Early Bird Before February 18 th	Regular After February 18 th
120 Euro	180 Euro

prices include VAT
**workshop language: English

Clinical case - Full Mouth Rehabilitation with VENEERs & OCCLUSIONVDs

Unique Hybrid-Enamel Shells for Anterior and Posterior Restorations. The difference is in it's similarity to nature!
